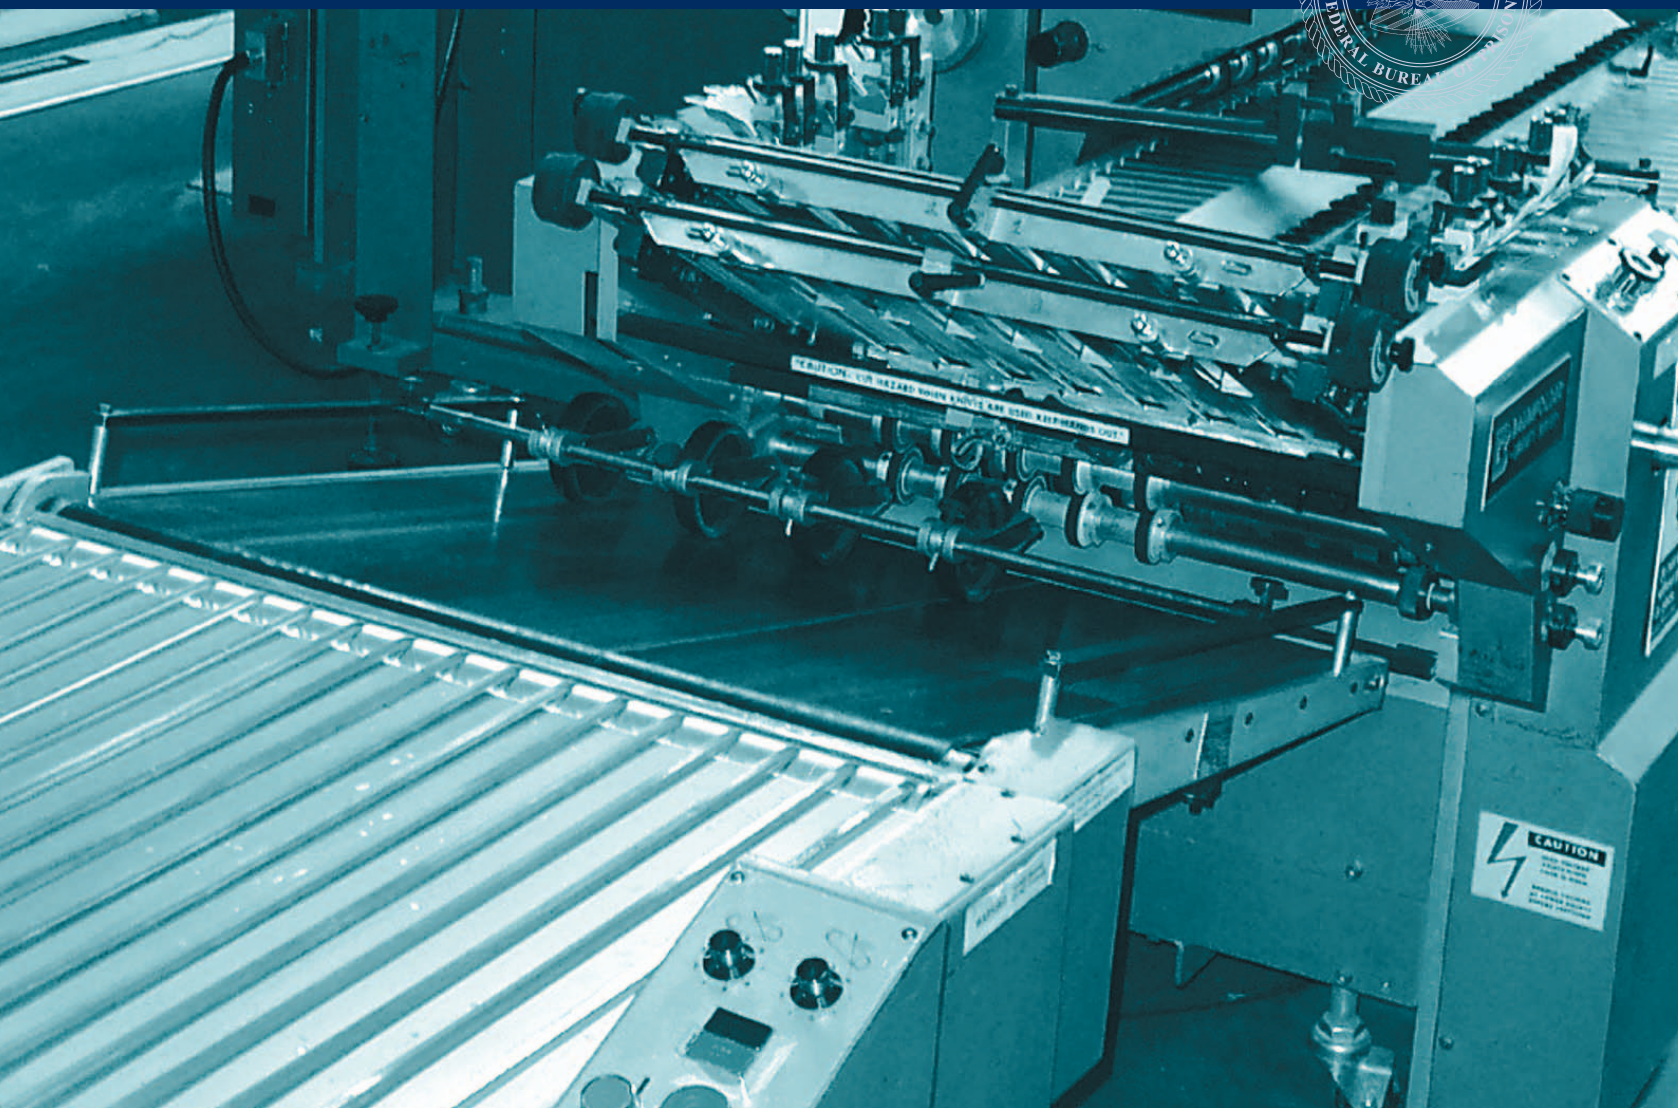
THE SECRET IS OUT! CHOOSE UNICOR.



CAN'T FINISH WHAT YOU'VE STARTED?

DOMESTIC OUTSOURCING AT OFFSHORE PRICES!

If you're sending your bindery work offshore, considering sending your bindery work offshore or are just swamped in bindery and need temporary help...

Welcome to UNICOR Bindery Services

The Services Business Group currently operates three state-of-the-art printing operations located throughout the United States. These locations are now able to offer Bindery Services to commercial printers.

When you work with UNICOR, you're not sending your job to an unknown entity. UNICOR has been providing goods and services to the Federal Government for over 70 years. Your relationship with us is personal; you'll work closely with one of our highly qualified staff. They track your job from the first day to make sure you get exactly what you want, when you want it. They answer technical questions, give you quotes and make onsite visits to your location.

Our quality check system verifies job specifications at all points in the bindery process to ensure your job will be completed to your satisfaction

Quality Assurance Guarantee

Our pledge to you is "Total Customer Satisfaction" and that translates into strict quality control. Beginning with your incoming order and materials, each phase of the bindery process is reviewed by a quality assurance inspector. We guarantee your satisfaction. If problems arise, you'll find they are taken care of promptly. Our quality meets the standards of the most demanding customer. From Project Managers to the folder operator, your work is handled professionally at all levels of production.
