

Department of Justice... If Disaster Strikes... You Want Continuity of Operations.

As a federal provider of quality products and services for more than 70 years, FPI is sensitive to the needs of government agencies. To assure the seamless continuity of services that the American public demands, agencies need to be mobile and operationally flexible. FPI provides standard and customized units for the delivery of quality services in times of crisis. Additionally, our emergency operations units are fully warranted as well as upgradeable. Trust FPI to keep your operation in compliance with continuity regulations as well as earning the public's trust.
