Bedding

Linen

This catalog will acquaint you with FPI's fine line of quality mattresses and linen and enable you to order the products that best meet your needs.

Bedding & Linen Products

Recognizing that needs differ among customers, FPI has developed a line of products to fit any bedding or linen requirement.

Our top-of-the-line Royal Court and Nightingale series bring a superior level of comfort to guest and living quarters, while our Quarters series is ideal for dormitories and barracks. Our BodyCare and Bunk mattresses serve institutional needs.

Manufacturing **Building Value from the Ground Up**

We take extra care to produce bedding and linen products that provide superior value for a reasonable price.

Our box springs are constructed with high-loft padding for comfort and durability and reinforced for greater strength and support. In the same way, our mattresses, in firm and extra-firm models, are layered with first rate materials and ticking, then padded to guarantee luxurious comfort and a good night's sleep.

Materials **Getting Out What You Put In**

Only the finest materials are incorporated into our bedding and linen products. Mattress pads are allergy- and odor-free and mildew-resistant. Resilient high-loft padding, high-tech polyurethane foam and quality ticking complement a superior design and ensure our mattresses and box springs will provide restful, posture-correct sleep for a long, long time.

Glossary of Terms

- **Anti-Bacterial**—Factory-applied treatment that enables anti-bacterial agents to be activated by wiping the treated surface with a damp cloth.
- **Anti-Static**—Factory-applied treatment that enable the treated fabrics to resist static.
- **Batting Barrier**—Cover for the cotton felt filling used in FPI's Bunk Mattress
- **Bonnell-Type Spring**—Spring designed in the shape of an hourglass and knotted at both ends for strength.
- **Border**—Perimeter of the mattress.
- **Border Rod/Wire**—Strong wire running the perimeter of the mattress providing strength, durability and support to the mattress shape.
- **Continuous Wire Innerspring**—Unique spring design that provides strength and durability to the innerspring.
- **Corner Guards**—Protective plastic edge guards applied to the mattress corners to reduce wear.
- **Cotton Linters**—Lesser quality cotton used for filler.
- **Fiber Resin**—Fiber bonding agent used in FPI's insulator pads.
- **Gauge**—Measure of wire/spring thickness; a lower gauge denotes a thicker, stronger wire wire.

Product Testing Where Quality Begins

To ensure a high standard of quality, we subject our bedding products to the same rigorous testing applied to the finest commercial bedding. Our coil wires exceed industry standards and all mattresses and box springs meet or exceed the flammability standards in DOC-FF-4-72. All bedding components are visually checked for quality construction. Finished mattresses, box springs, and in particular ticking, padding and springs are subjected to gruelling machine-controlled torture testing. Impact and spring compression tests pound and roll the bedding, and then all components are carefully examined for damage and wear in a post-test analysis. Only the finest bedding products are permitted to bear the FPI name.

- **High-Loft Pad**—Pad made from resilient material to provide softness and comfort.
- **Inner-Tufted**—Tuft-stitch that is covered by ticking and generally not visible.
- **Insulator Pad**—Pad covering the innerspring.
- **Multi-Needle Quilting**—Commercially accepted method FPI employs to quilt mattress ticking for greater durability.
- **Open End Offset Coil**—Hourglass shaped spring similar to a Bonnell-type but open at both ends and with no knot.
- **Overwrap Pad**—Inner padding used to cover the top and sides of the mattress.
- **Staple Cotton**—Yarn quality cotton, used for strength.
- **Stitch Tufted**—Tuft formed by stitching through the mattress.
- **Ticking**—The top-most mattress covering.
- **Topper Pad**—Padding applied on top of the overwrap pad and immediately below the ticking.
- **Water-Resistant**—Ticking does not absorb water.

Royal Court

Plush comfort & posture-correct support

Royal Court Mattress

The Royal Court mattress is our top of the line sleep system. It is a 10" high, posture correct mattress that is available in twin, double and queen sizes.

Comfort

- Ticking cover and border are knitted and covered with a fire barrier material
- 1" thick thermally bonded fiber batting (fire barrier)
- 1/2" thick open cell foam

Inner Spring Support

- 13 gauge tempered steel spring wire
- 6 gauge border wire
- 448 coil count for Queen size
- 392 coil count for Full size
- 280 coil count for Twin size

Fill

- 1/2" (firm) or 1" (x-firm) fiber pad
- 1/2" open cell foam cellulose pad

Other Features

- Cover is a quilted luxurious, 100% polyester satin ticking material of Inman Ruby color with a gray floral pattern

- Edge binding is polyester tape with a fire retardant treatment
- High performance thread in compliance with A-A-55195 (Commercial item description for thread)

Flammability

- Passes California Technical Bulletin 129 (Flammability Test for Mattresses for Use in Public Buildings)
- Passes Federal Flammability Standards 16 CFR 1633

Box Spring

- Constructed with spruce or pine wood slats
- Moisture content does not exceed 15%
- Cinched with nails or staples and is square and true
- Bottom edges are blunted by sanding
- Minimum of 1/2" fire barrier insulator pad is used for fill
- Corners are reinforced with cotton
- Cover is made up of a minimum 6-1/2 oz., 100% polyester knitted blend ticking and matches the mattress fabric
- Fire barrier is quilted to ticking
- Bottom cover is a non-woven polyester dust cover
- Plastic corner guards are installed on each corner

BodyCare & Bunk

Quality & comfort when you need it most

Hospital Mattresses

A quality hospital mattress from FPI. For excellent comfort and safety in a hospital environment FPI offers BodyCare, a high-quality, durable infirmiry mattress. This ideal hospital mattress is anti-bacterial, anti-static, and easy to maintain. Spills are quickly wiped away due to BodyCare's unique vinyl/polyester laminate ticking, inducing beading in most liquids. Adding comfort to utility, Bodycare has 1½ inches to 2 inches of padded cover over a sturdy open-end offset innerspring. (Not sold with a box spring.)

Institutional Bunk Mattresses

Constructed without innersprings, FPI's Institutional Bunk Mattress provides comfort and durability at an affordable price. Designed for spring link bunk beds or cots, this Grade "C"-rated mattress is available in 9 sizes and meets Federal Specification V-M-81F.

The mattress interior, which complies with Federal flammability standards, consists of a polyester batting barrier, filled with a 50/50 blend of staple cotton and cotton linters. The blue and white ticking is stitch-tufted to stabilize lateral motion, relieve bunching and better retain the mattress' shape.

An optional ticking of green vinyl/ polyester laminate is available for infirmaries and other special areas being both anti-bacterial and anti-static, this water resistant ticking facilitates cleaning and maintenance by causing most liquids to bead. (Not sold with a box spring.) Passes California Technical Bulletin 129. Passes Federal Flammability Standards 16 CFR 1633.

Draperies Linen & Towels

FPI offers custom draperies and bedspreads in a wide selection of fabrics and styles. This means you can match your decor or color scheme.

Whether you need draperies for one office or an entire building, FPI's custom drapery service will assist you in every way, from fabric and hardware selection, through installation.

We make it easy and convenient. One of our partners will come to your office to measure your windows. They will show you fabric swatches and hardware samples, and you can take advantage of this free service to receive professional assistance with the selection of styles, colors and fabrics to suit any office or dormitory environment.

Learn how FPI can enhance your office decor and quarters with fresh designs. Our factory strives to ensure that your drapes are produced and installed to your complete satisfaction.

FPI means "Quality Plus"

We start with quality draperies that exceed industry standards. We use double three inch hems and matching pattern repeats when specified, so your draperies look good and fit properly. You will also find the "fullness factor" in our draperies—you get a full measure of fabric to go across your windows—there is no skimping on fabric with FPI draperies.

Tailored to Your Needs

We can work with you on long-range budget planning, so there is no need to wait until construction is completed to start thinking about your drapery order or requirements.

If you need berth curtains, CTG has a complete line of standard size and special order curtains. We specialize in cubicle curtains for any and all of your requirements.

Draperies *Window treatments for every possibility*

Custom Draperies & Bedspreads

CTG offers custom draperies in a wide selection of fabrics and styles to complement any decor or color scheme. Ordering is easy and convenient. Just call (800) 827-3168. A GSA-approved contractor of your choice will measure your windows, assist you with your selection from a broad range of fabrics and give you a free estimate.

"Quality Plus" Manufacturing ensures your draperies will provide years of value and eye-catching elegance. In addition to custom draperies, we also offer customized berth and cubicle curtains made with the same "Quality Plus" attention to detail.

If you have questions, call the drapery factory at (404) 635-5448

Bath Towels *Luxury & durability...clean & simple*

Embassy Towels

Our top-of-the-line towel, these luxurious and absorbent Embassy towels are the perfect choice when quality counts. Available in white and champagne.

Kitchen Linen

Ready for whatever you dish out

Dish/Hand Towels

Versatile cotton hand towels will find uses in the kitchen, in the shop, and in the bath. One hundred percent cotton construction ensures long life, even after repeated laundering. You'll reach for this towel time after time. Oversized and absorbent, this towel can handle the tough jobs.

Tablecloths

Your dining area will look fresh and inviting with these snowy white tablecloths. Thanks to a 50/50 blend of cotton and polyester, these restaurant-style table covers are stain and wrinkle resistant and will stay bright washing after washing. Available in a variety of sizes with matching napkins.

Ten Year Limited Mattress Warranty

FPI warrants its mattresses and box springs to be free of defects in material and workmanship for a period of ten years from the date of delivery. At its option and expense, FPI will repair or replace any mattress or box spring which, under normal usage, fails to meet contract specifications. For three to ten years from the date of delivery, FPI will repair or replace the mattresses or box springs, and charge the customer a prorated cost, based on the current selling price of the model in question or, if discontinued, replace it with a comparable model.

Transportation costs for authorized returns under warranty shall be borne by FPI for ninety (90) days from the date of delivery. Contact our Customer Service Center at (800) 827-3168 to arrange authorization.

Cotton Blanket

Produced with 100% preshrunk cotton, this warm and durable blanket is designed to meet the heavy demands of institutional use while providing acceptable levels of comfort and appearance. Perfect for medical environments because of its durability under heavy laundering, this blanket is also sized to fit both the Bodycare hospital mattresses and all our institutional mattresses. Available in beige only.
