The Federal Agency Seal Program

is a national program offered by **UNICOR** to provide quality, cost effective, custom agency seals to federal government agencies.

SHORTER LEAD TIME!

NEW LOWER PRICING!

NEW BRONZE SEALS!

The three-dimensional seals are constructed of structural high density polyurethane foam and are available in satin antique bronze, satin aluminum silver, or highlighted to your agency's colors – the choice is yours. Seals look and feel like real cast metal without the cost, weight or installation issues. These seals are ideal for lobbies, conference rooms or any federal public agency space. The foam seals are lightweight, and delivered ready to install in either interior or exterior applications. Certain sizes may require special installation depending upon the site or application. To get a free quote for custom work in 48 hours or less, please email your artwork to aburgos@central.unicor.gov. You can also call at **(202) 305-3752** so that an account manager can assist you with selection, pricing and order placement.
