Single Room Suite

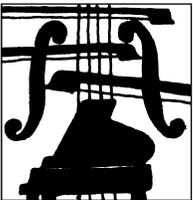

- **FUNCTION**

Quartet always provides ample storage space for personal belongings. A platform bed (shown here) has four large drawers to make room for items when space for additional furniture is limited. When closet space is at a premium, a wardrobe proves to be very convenient to neatly hang dress shirts, suits or uniforms and a large drawer incorporated below is great for keeping shoes dust free.

Create plenty of individual workspace with Quartet's 48" wide desk shown here. High pressure laminates provide a scratch resistant writing surface and the desk carrel will accommodate even the largest of today's computer monitors.
