Transitional Quarters Furnishings

ROOM 1

Room Service

Trio is a line of institutional casegoods designed to meet the multi-use needs of your barracks and dormitory spaces. It also works well for visitors' quarters, as shown here in a transient living facility. Buy individual Trio items using standard purchasing methods, or choose one of two ways to order packaged rooms.

Room Service is UNICOR's whole-room program. In it we offer two "menus" for specifying your furnishings. The first is our **Prix Fixe Menu** of pre-selected packaged rooms. The other is our **A la Carte Menu** for customer-selected customized packaged rooms. Our unique and easy-to-use menu forms make it especially convenient to request quotations, and to order—either **Prix Fixe** or **A la Carte.**

ROOM 2

Does having both good form and function really matter?

We think so.

Treat your users to this attractive and complete solution for their single-living environment. Give them the storage and work space they need, and an upbeat look they'll enjoy.

Trio's contemporary styling and clean lines are complemented by select oak veneer in a choice of light or dark finishes. You can depend on its precision, 32mm construction system, and attention to detail — from recessed wood drawer pulls to concealed European hinges.

Design your dayroom and public areas to complement your sleeping rooms using Trio's casegoods and occasional tables with their coordinated seating products.

DAYROOM

*Choose dayroom furniture from our **A la Carte** menu. The dayroom is not part of this **Room Service** package.*

Shown In Color Scheme B

ROOM 3

Don’t choose between the look you want, and the performance you need... let Trio give you both.

With its contemporary appearance — and home-away-from-home convenience — this dormitory space is sure to please its youthful occupant. Meanwhile, facility managers can rest assured it will last.

Trio is built for the rugged, high-traffic use of both transient and permanent-party quarters. Each piece is constructed of hardwoods, oak solids and oak veneers for stability and structural integrity. Hinges and drawer slides have a heavy-duty rating to ensure trouble-free operation. Most tops and writing surfaces are finished with high-pressure laminate to resist damage and stains from spills.

As an option the Single Bed can be bunked for increased occupancy needs. Only the Single Bed is part of the Room 3 package.

ROOM 4

This room package uses twin beds to provide a double-occupancy space. It also includes a multi-purpose unit to house the refrigerator and microwave.

To use the **Room Service** program's **Prix Fixe Menu**, choose from the four pre-selected packaged rooms — the one shown here, and the three others in this catalog. Select the wood finish you prefer, and choose a color scheme. (See pages 13 and 14.) Considering all these options, the **Prix Fixe Menu** offers a choice of thirty-two packaged rooms.

And that's just the beginning...with our **A la Carte Menu**, your whole-room possibilities are nearly endless.

Bunk Bed
T-8242-SGBD-BK-NO

Single Bed
T-8242-SGBD-NO

Headboard (Shown with Metal Frame)
T-3938-HBTW-FR-NO

Choose from several bed styles. The platform bed features solid construction and drawers on both sides. The single bed is made of solid oak with a steel frame spring unit bolted to the head and foot boards. This bed can also be bunked (see page 6). Use the headboard with a steel bed frame, mattress and box spring (each sold separately) to create a twin- full- or queen-size bed. Headboards are available as freestanding (attached to the bed frame) or wall-mounted.

DRESSERS

Wall-Hung Mirror
T-2445-MIRR-NO

Trio offers one- and two-drawer nightstands as well as a three-drawer bachelor chest, four-drawer uniplex and six-drawer dresser to meet a wide variety of storage needs. The drawers glide smoothly on heavy-duty slides for years of trouble-free operation. Plastic laminate tops resist spills and stains, and match the wood finishes. The wall-hung mirror is sized to use alone or over the dresser or uniplex.

DESKS AND TABLES

End Table
T-2727-ETBL-NO

Coffee Table
T-5127-CTBL-NO

The student desk, droplid desk, and computer desk provide excellent work space for conventional study, personal computers, and storage needs. The functional desk carrel expands the use of the student desk. The droplid and computer desks offer lockable space for computers and other valuables. All have heavy-duty drawer slides and laminate tops.

Trio oak occasional tables are sturdily built for dayrooms and lounge areas.

Trio accommodates your storage needs with a generous wardrobe unit and an upper storage unit in two size options. Each has a hasp for a combination or pad lock. The multi-purpose unit is scaled to accommodate your refrigerator, and a microwave or TV/VCR.

Trio seating products are built to provide high-traffic performance in dayrooms and other public or common-use areas. The recliner has a “wall-saver” feature allowing it to be placed close to the wall in confined-space areas such as sleeping rooms. It also works well in dayrooms providing a comfortable place to read or watch television.
