MEMORANDUM FOR PURCHASE ORDER FILE DJU4500446307

FROM: JENNIFER CUTSHALL, CONTRACTING OFFICER

SUBJECT: URGENT AND COMPELLING DOCUMENTATION

Purchase order DJU4500446307 was awarded in accordance with FAR 6.3, Subpart 6.302-2, Urgent and Compelling, and was not posted to FedBizOpps in accordance with 5.202 (a)(2). The requirement is for 8 Kubota Rough Terrain Vehicles for use at several DLA Disposition locations in both Kuwait and Afghanistan, in support of Operation Enduring Freedom. These units will be utilized by DLA personnel embedded with forward troops in these locations. Currently, these personnel have no means of transportation and motor transportation is critical due to the extreme heat conditions in these areas. Several vendors were contacted for quotes regarding this requirement, and provided delivery lead times ranging from stock to 60 days. Steen Enterprises has the needed units in stock, and can have them set-up and prepared for shipment within five days of award.
