Melody furniture combines modern style with high quality materials to provide work place functionality at responsible prices. The basic offering features bow front desks, extensions and conferencing that allow you to create your own office environment. The upper storage options for over the work surface are highly functional and provide privacy when used in open spaces. You can increase your storage by adding bookcases, wardrobes and filing to your space.

Melody comes in three distinctive wood grain colors and two unique two-toned color combinations. Basic black metal hardware and electrical grommet covers accent these colors to create a striking look.

The materials used in the construction of our furniture are of the highest quality. All surfaces are covered with a durable high pressure laminate that resists wear better than any other material used in today’s office furniture. Work surfaces are 1-1/4" thick. All other surfaces are 3/4" thick. The drawers are made of nine ply birch plywood with a tough UV finish. These drawers ride on powder coated full extension ball bearing slides. All edges are completely trimmed with a matching 2mm PVC edge-band that matches the laminate color.

Our commitment to Quality is second to none. All furniture is produced in our ISO-9001:2000 Certified manufacturing facilities located in the U.S.
