

# ADVANCED EYE PROTECTION... THAT'S AFFORDABLE & STYLISH!

## **UNICOR Safety Eyewear – Prescription & Non-Prescription**

*UNICOR Industrial Products Group (IPG) provides a comprehensive range of non-prescription and prescription eye protection products to the military, federal departments and agencies. Our safety eyewear is high-quality, stylish and meets or exceeds the stringent safety standards of ANSI and OSHA.*

*OSHA estimates that 90% of eye injuries can be prevented through the use of proper protective eyewear. Our safety eyewear is designed for comfort and attuned to today's style trends, encouraging the military and federal government employees to wear our products when working in areas with potential vision hazards.*

### **WHAT MAKES OUR SAFETY EYEWEAR OUTSTANDING?**

- *We offer an excellent selection of both non-prescription and prescription safety eyewear that is competitively priced.*
- *Our products are finished to customer requirements at our optics factory in Butner, N.C., which is ISO 9001:2000 registered.*
- *Ordering is convenient. You can order non-prescription safety eyewear 24/7 and obtain information on ordering prescription safety eyewear at [unicor.gov/ipg](http://unicor.gov/ipg).*
- *We offer expert personalized service. Our on-staff, certified Licensed Dispensing Optician, who is highly knowledgeable about eye protection requirements in the federal environment, will be happy to answer your questions about specifications and products.*

## Non-Prescription Safety Eyewear

Our non-prescription safety eyewear comes in a variety of styles and features to provide protection from impact, dust and chemical splashes or high-impact protection, depending on the needs of your work environment. They are constructed of such rugged, durable materials as polycarbonate and expertly designed to block dust, splashes, mists and impact.

### Industrial Face Shield

- Provides general purpose impact and dust protection
- Polycarbonate crown with easy snap-lock size adjustment
- Comfortable, cushioned headband
- Oversize clear window for frontal and lateral protection

### Wrap-around Industrial Goggle

- Offers lightweight, comfortable protection for multi-purpose use
- Wraparound styling and flexible bridge
- Perforated vent
- Flexible fitting bridge
- Clear lens and frame

### Wrap-around Sports Style Goggle

- Provides protection from dust, mist, impact and chemical splashes
- Indirect venting
- Wraparound styling for excellent peripheral vision
- Frosted browguard to reduce glare
- Clear frame and lens

### Welders Goggles, Black with Choice of Lenses

- Molded of heavy-duty plastic
- Round 50 mm polycarbonate lenses
- Shield designed for maximum ventilation
- Black frame with choice of clear or #4 or #6 shaded lenses

**OSHA estimates that 90% of all eye injuries can be prevented through the use of proper protective eyewear.**

### Unilens Welders Goggles, Brown & Gray

- Offers impact-resistant eye protection for use with welding helmet
- Protects against harmful rays, sparks and spatter during welding and cutting operations
- Brown and gray frame with #6 shaded lens

### Four-Way Directional Protection Goggle

- Fits over prescription glasses
- Provides four-way protection from above, below and each side
- Vected vents for excellent ventilation
- Scratch-resistant coating
- Available with clear and gray-tinted lenses

### Unilens Four-Way Directional Protection Goggle

- Features a coated 100% polycarbonate wraparound unilens design
- Adjustable temple length
- Impact and dust protection
- Scratch-resistant coating
- Black frame with choice of clear or gray lens

## Prescription Safety Eyewear

UNICOR IPG produces a superior, stylish and affordable line of quality prescription safety eyewear.

We work with frame suppliers, such as Sperian Protection Optical, Inc., the world's largest manufacturer of prescription protective eyewear. Sperian Protection Optical, Inc. has an extensive group of 5,000 optometrists nationwide who are available to assist UNICOR customers in selecting frame styles and fitting.

### Our Safety Frame Collection

- Selection of more than 60 frames in a wide range of fashionable but durable materials, including titanium, nylon and stainless steel.
- Comes in traditional styles with optional side shields, high impact-resistant frames with integral side shields or wraparound styles.
- Comfort fit features, such as soft, adjustable nose pads, silicone pads, form-fit bridges and spring hinges.

### Our Prescription Safety Lenses

- Available in high-impact resistant polycarbonate and CR-39 plastic.
- Manufactured to guidelines that meet ANSI standards.
- Available in single-vision, bifocal, trifocal and progressive prescriptions.

- Offer a wide range of tints and coatings, including those that add protection against glare, ultraviolet and infrared radiation and increase lens durability and optical performance.
- Lenses are carefully ground, using state-of-the-art techniques and the finest materials. Inmate workers receive specialized training from a certified Licensed Dispensing Optician.
- Computerized equipment is used to ensure each lens perfectly matches each prescription and an automated lensometer printout accompanies each pair of glasses to ensure customers that prescriptions have been accurately filled.

Each pair of eyeglasses undergoes nine quality assurance inspections to ensure prescription accuracy and compliance with ANSI standards and OSHA regulations.

## Prescription Eyewear

Complementing our safety eyewear products, UNICOR offers a complete line of men's, women's and unisex style dress frames and lenses. The frames are available in single-vision, bi-focal, tri-focal and oversized styles. Traditional glass lenses are offered, as are lighter plastics and polycarbonates. A wide variety of stylish tints are available.

UNICOR is proud of its quality lenses and frames that undergo nine quality assurance inspections during the manufacturing process. All eyewear products conform to ANSI standards and OSHA regulations.

Our prescription eyewear products are noted for their distinctive styling and high quality features designed to meet the rigors of today's workplace.
