RE: RCRA EPA ID number: AZR 000 500 652 is assigned to:

Federal Prison Industries UNICOR
8901 S Wilmot Rd South Side of Prison
Tucson, AZ 85706

Your facility is listed as a Conditionally Exempt Small Quantity Generator (CESQG)

This EPA ID number is site-specific and is to be used for the regulated (RCRA) waste activity at the above site only. If there are any changes to the information regarding the above site submitted on the EPA RCRA Subtitle C Site Identification Form (Form 8700-12), you must notify Arizona by sending a new 8700-12. Each section of the 8700-12 must be filled out completely.

If your facility has a change of location, do not use the EPA ID number assigned to this location to manifest RCRA waste at the new location. Before generating RCRA waste at the new location, you must apply for an EPA ID by sending an 8700-12 for the new location. Your new location will be assigned an EPA ID number specific to that site.

In the future if your facility's RCRA waste activity at this site stops because of closure or change of location, then send a deactivation letter requesting deactivation of the of the EPA ID number assigned to this location. The letter should be on company letterhead. Include the following information regarding this location: The EPA ID number to deactivated, name of facility, location or address of facility, the date that regulated waste activity stopped, and an original ink signature.

If you have any questions, or need assistance, please contact:

Sincerely,

Wilma Molitor
