

Two Govs Are Better Than One!

A recently passed Criminal Justice Reform Bill, known as the First Step Act, has opened the door for UNICOR (trade name for Federal Prison Industries, Inc.) to sell its products to the government of the District of Columbia, among other public and tax-exempt entities and state governments. And because our business is changing lives, it's never just "business-as-usual" for UNICOR. Our true output for the last 85 years continues to be the thousands of federal offenders for whom we secure a brighter future through experience and job training.

WE'RE PROACTIVE FROM THE START!

We understand government because we ARE government; a federal government corporation meeting civilian and defense agencies' procurement needs since 1934! Our U.S. manufacturing facilities are equipped with the latest technologies, and our products and services undergo the same performance standards and metrics found in the commercial marketplace.

Service, Quality & Convenience

UNICOR has more than 85 years of proven expertise supplying mission-critical products and services to the federal government.

Ordering is fast, easy and convenient. Our website, www.unicor.gov, is open 24/7, and ready when you are to handle your on-line order. Orders may also be placed through UNICOR's Customer Service Center at 1-800-827-3168.

Products are competitively priced, comparable to those available commercially, and 100% guaranteed for quality and performance.
